PRATICO

“Cambiamo
il punto di vista,
trasformando
elementi contenitivi
da oggetti marginali
di una stanza
in spazi modulabili
in cui vivere
la nostra quotidianità.”

“We change our point of view of transforming storage elements from marginal objects in a room into modular spaces in which to inhabit our daily lives.”

IT_

Pratico è sinonimo di funzionalità, semplicità e concretezza. Un modo d'intendere l'arredamento della propria casa che definisce inevitabilmente anche un vero e proprio stile di vita. La nuova collezione Pratico risulta ideale per vestire spazi dalle dimensioni più contenute che però non vogliono rinunciare alla cura ed al fascino del prodotto Santalucia Mobili. Piccoli appartamenti in città e seconde case sono le ambientazioni perfette per Pratico che grazie alle sue linee semplici e armoniose arreda gli spazi con freschezza e sobrietà.

EN_

Pratico is the synonyms of functionality, simplicity and concreteness. A way of understanding the furniture of your dwelling, that also inevitably defines a real and unique lifestyle. The new collection Pratico becomes ideal in addressing more confined spaces without sacrificing the attention and design of Santalucia's products. Small city apartments and secondary homes are the preferable environments for the Pratico design, thanks to the simple and harmonious lines that enrich the environment with sobriety and freshness.

IT_

Il nuovo Sistema Modo coniuga funzionalità ed estetica in maniera del tutto inedita: infatti grazie alla sua costruzione tecnica è possibile gestire i vari moduli separatamente e sovrapponendoli uno all'altro si può creare la configurazione più adatta alle proprie esigenze. Anche la personalizzazione estetica è un punto di forza del sistema Modo: il cliente, infatti, può decidere che tipo di finitura applicare alla scocca, ai frontali, al top e alle maniglie.

EN_

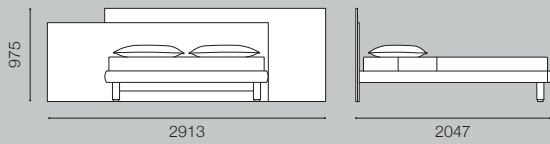

The new Modo System combines functionality and aesthetics in a completely new way. Thanks to its technical construction it is possible to handle various modules separately, by stacking these elements one on top of the other personal necessities become achievable. The Modo system becomes a point of strength with its flexible design and esthetics: the client can make changes on the type of finishes applicable to the body, the fronts, the top, and handles.
