tavolino - fusto in mogano Sapelli

In pratica il concetto è quello di partire da una panca, con l'aggiunta di schienali fissati al fusto e cuscini, si ottengono dei daybed, delle lounge, dei divani, delle poltrone....ecc.

La struttura portante è realizzata in legno e, dopo l'aggiunta del materiale espanso, viene rivestita con i tessuti scelti; le parti in legno a vista ed il tavolino sono in mogano Sapelli massiccio; le flange di fissaggio degli schienali sono in acciaio inox AISI 316.

Il concetto è quello di creare delle aree conviviali alternative ai classici set di tavoli e sedie, dove c'è chi si rilassa disteso sul daybed, accanto a chi si gusta un drink chiacchierando con altri sul divano. Il Seaside è l'ideale per una composizione da destinare ad un portico o una pergola, e perché no alla lobby di un hotel.

Basically it's a bench that becomes a daybed by adding one back and one cushion which allows two positions thanks to its special shape; by adding another two backs and cushions it becomes a nice lounge sofa; same for the armchair, that becomes an armchair only with one backrest and may be a pouf; the small coffee table completes the collection and can be used as a jolly.
