Le presenti condizioni generali di vendita sostituiscono quelle precedentemente praticate dal loro inserimento nella sezione del sito internet di Lube Industries s.r.l. riservata ai rivenditori.

Le presenti condizioni di vendita saranno riportate in ogni listino approntato da Lube Industries s.r.l. e saranno automaticamente accettate alla trasmissione di qualsivoglia ordine da parte del rivenditore.

Le presenti condizioni generali di vendita non sono derogabili, salvo diverso esplicito accordo scritto tra le parti, sicché al momento dell'ordine il rivenditore deve verificarne contenuto e aggiornamento.

1. - DEFINIZIONI.

Ai sensi delle presenti condizioni generali di vendita, si intende con:

- m) cataloghi, elenchi periodici e riepilogativi della merce prodotta o commercializzata da Lube Industries Srl che contengono sia il materiale fotografico, sia i prezzi, cartacei e/o digitali.

2.- ORDINI - ANNULLAMENTO.

L'ordine dovrà essere redatto per iscritto, datato e fatto pervenire al venditore per posta, via fax, via email, in via telematica per mezzo dell'apposito software, con qualsiasi altro strumento informatico, o elettronico, idoneo a fornire la certezza della data di inoltra e di ricezione, ovvero per il tramite dell'agente territorialmente competente. In ogni caso, l'ordine dovrà pervenire completo dei codici articolo abbinati a ciascun bene e della corrispondente descrizione analitica. Nel caso in cui sia necessario per la corretta esecuzione, l'ordine deve essere accompagnato, quali sue parti integranti ed essenziali, da distinte, disegni, dime, firmati dall'acquirente ai fini della loro identificazione.

L'acquirente, qualora le misure dei di tutti, o parte, dei beni inseriti nell'ordine dovessero essere variate per circostanze sopravvenute, dovrà immediatamente comunicarlo al venditore.

La sua comunicazione sarà presa in considerazione solo se i beni ordinati non siano già andati in produzione.

L'acquirente è responsabile della errata rilevazione delle misure degli ambienti in cui i beni andranno inseriti, della errata scelta dei beni fatti oggetto di ordine, in relazione alle misure rilevate e alla loro collocazione nell'ambiente, nonché del mancato controllo dei beni propostigli dal venditore in relazione alle misure trasmesse, impegnandosi a manlevare il venditore da qualsiasi pretesa possa essere avanzata nei confronti dello stesso da parte di terzi, ivi compreso il consumatore.

Il contratto di vendita è concluso al momento in cui l'acquirente approva la conferma di ordine rimesagli, ossia la scheda formata dal venditore sulla base dell'ordine ricevuto ai fini della messa in produzione. L'accettazione della conferma di ordine può essere fatta in modo esplicito, ovvero tacito. Vi è approvazione tacita laddove l'acquirente non comunichi al venditore richieste di modifica della conferma d'ordine entro cinque giorni lavorativi dalla ricezione.

Il venditore potrà rifiutare l'ordine trasmessogli dall'acquirente per ragioni di approvvigionamento, organizzative e produttive, dandone tempestiva comunicazione.

In ogni caso, il venditore potrà rifiutare l'ordine e/o bloccare la produzione e consegna dei beni oggetti di precedenti contratti, senza per ciò incorrere in alcuna responsabilità, in ragione della sussistenza di insolvenze, ritardi nei pagamenti, irregolarità amministrative dell'acquirente, ovvero nel caso in cui abbia ricevuto notizia della sopravvenuta sua inaffidabilità patrimoniale e/o finanziaria, tale da far temere l'impossibilità di fare normalmente fronte alle obbligazioni assunte.

3.- LISTINO PREZZI.

I listini prezzi potranno essere modificati dal venditore, dandone un preavviso all'acquirente di 45 giorni.

I prezzi indicati in listino sono espressi in euro, rappresentano i prezzi di vendita al pubblico dei relativi beni e si intendono "Franco fabbrica - FF" (Ex Works - Exw), con esclusione di IVA, RAEE e ogni ulteriore spesa (trasporto, deposito, scarico, montaggio, ecc.) e/o tassa.

Per eventuali beni e/o servizi particolari (vale a dire non compresi in listino), o su misura diversa dallo standard, il prezzo sarà di volta in volta indicato dal venditore nel preventivo, il cliente dovrà chiedere di volta in volta il prezzo nel preventivo nell'accettazione ordine e/o in altra separata comunicazione, dietro specifica e separata richiesta di preventivo indirizzata da parte acquirente. In ogni caso, il venditore potrà rifiutare l'ordine di beni e servizi particolari e/o di beni fuori della misura standard, senza per ciò incorrere in alcuna responsabilità.

Qualora l'acquirente relativamente a beni e servizi particolari, non abbia trasmesso prima della conferma dell'ordine separata e specifica richiesta di preventivo (da indirizzare via e-mail al preposto ufficio prezzi) e l'ordine comunque sia diventato definitivo e cioè prodotto, l'acquirente non potrà avanzare alcuna contestazione in merito al prezzo, né potrà in alcun caso rifiutarne la consegna e successiva fatturazione della merce.

Il venditore, a suo insindacabile giudizio, potrà apportare modifiche ai beni e ai servizi in listino, sopprimendoli, modificandoli e/o sostituendoli, dandone tempestiva comunicazione all'acquirente.

Faranno sempre fede i listini digitali presenti nel programma sviluppo ordini EVOLUTION in dotazione a tutti i rivenditori del Gruppo Lube, che si intendono aggiornati in tempo reale.

4.- PREZZI PER ACQUIRENTE - CONDIZIONI DI PAGAMENTO.

Il corrispettivo dei beni e dei servizi a carico dell'acquirente, salva diversa pattuizione (es.: accordi promozionali), sarà determinato, in relazione alle condizioni commerciali praticate tra le parti (comunque risultanti), con riferimento ai prezzi indicati nei listini di cui al precedente punto, vigenti al momento della consegna dei beni e/o esecuzione del servizio, maggiorati di IVA, RAEE e ogni altra spesa, imposta e/o tassa concernente il singolo affare.

Le condizioni commerciali praticate tra le parti sono di norma assunte a mezzo accordo scritto, ma possono altresì risultare, in difetto di detto accordo, dalla prassi seguita dalle parti, anche quale risultante dalla fatturazione. La eventuale deroga favorevole all'acquirente delle condizioni commerciali normalmente riservategli costituisce deroga valida solo per lo specifico affare ed, è, dunque, inidonea a modificare le condizioni commerciali normalmente praticate.

Decorso il termine contrattuale di pagamento, il venditore potrà procedere all'emissione di R.I.BA, o di qualsiasi altro titolo, o mezzo, di pagamento, a saldo di ogni suo avere, con maggiorazione di interessi, spese e di ogni altro onere accessorio, previa comunicazione all'acquirente. In caso di pagamento oltre i termini contrattuali, saranno addebitati gli interessi ai sensi del d.lgs n. 231/2002, oltre al recupero di eventuali sconti espressamente concessi in ragione del termine di pagamento.

In caso di mancato pagamento nei tempi contrattuali il venditore potrà anche sospendere la esecuzione dei contratti in corso e rifiutare l'accettazione di nuovi ordini, nonché a propria discrezione, alternativamente, o cumulativamente, in aggiunta a qualsiasi altro diritto, o rimedio, spettante in forza di legge o delle condizioni generali di vendita stabilite:

a.- esigere l'immediato pagamento di ogni credito verso l'acquirente anche nel caso di pagamento rateale, o dilazionato, e nonostante il rilascio da parte dell'acquirente di cambiali tratte, pagherò cambiali o altri titoli di credito, stabilendosi in questo caso la decadenza dal beneficio di ogni termine a carico dell'acquirente, salvo il disposto dell'art. 1525 del Codice civile;

b.- eseguire le forniture solo previo pagamento anticipato rispetto alla consegna dei beni e/o prestazioni di servizi;

c.- revocare bonus, sconti e altri trattamenti di favore prima riconosciuti all'acquirente.

I beni consegnati rimangono di proprietà del venditore sino al pagamento completo dell'intero importo convenuto. In caso di mancato pagamento si applicheranno gli artt. 1523 del Codice civile.

5.- SPAZI ESPOSITIVI DEDICATI - STORE.

Le cessioni di beni e servizi finalizzate alla realizzazione di esposizioni, mostre, store presso i locali di proprietà dell'acquirente, o in sua detenzione ad altro titolo, saranno regolate dalle presenti condizioni generali di vendita, salvo diverse pattuizioni scritte.

6.- INFORMAZIONI TECNICHE – CARATTERISTICHE PRODOTTO.

I dati tecnici e le caratteristiche dei beni inseriti nei cataloghi, nelle brochure e nei listini, ovvero rap-presentate dai campioni forniti (ante, mazzette, elettrodomestici, ecc.), sono da assumere come non univocamente tassativi (ma solo indicativi), restando inteso che l'aspetto delle finiture può variare nel tempo in ragione della esposizione a fattori ambientali (luce, umidità, ecc.), ovvero alle partite di ap-provvigionamento, al taglio (cioè segnatamente per i materiali naturali, quali il legno e la pietra). Pertanto, nessuna responsabilità potrà essere ascritta al venditore per difformità nei toni, venature, grana, det-tagli estetici e simili dei beni (compresi elettrodomestici e accessori), laddove rientranti nella normale tolleranza, e, in nessun caso, nella ipotesi di completamenti successivi alla prima fornitura al consumatore, impegnandosi l'acquirente a manlevare il venditore da qualsiasi pretesa potesse essere avanzata nei suoi confronti dal medesimo consumatore.

Il venditore si riserva la facoltà di apportare tutte le modifiche tecnico-costruttive dei beni, senza obbligo di preavviso nel caso in cui le modificazioni non siano tali da incidere in maniera sostanziale sulla qualità, la funzionalità, o sull'estetica, dei beni; diversamente ne darà congrua informazione.

7.- INSTALLAZIONE E IMPIEGO.

Il venditore non assume alcuna responsabilità relativa all'esatto montaggio dei beni, né al loro anco-raggio alle pareti e/o al pavimento, dovendo lo stesso essere curato dall'acquirente in relazione alle condizioni degli ambienti di inserimento, secondo le norme di sicurezza raccomandate, prescritte e/o imposte dalla migliore pratica a tutela di cose e persone.

Il venditore non assume alcuna responsabilità neppure in relazione all'uso, alla manutenzione e alla pulizia dei beni, da chiunque dette attività siano compiute, laddove vengano eseguite in modo non conforme al manuale di manutenzione e uso (MUM) fornito e/o comunque scaricabile dalla rete internet a mezzo del QR-CODE presente nel foglio illustrativo presente in ogni confezione delle ferramenta, il quale dovrà sempre essere lasciato nella disponibilità del consumatore. Il consumatore, in ogni caso, dovrà essere informato dall'acquirente sulle corrette modalità di uso, manutenzione e pulizia.

Il venditore è esonerato da qualsiasi responsabilità circa il non corretto funzionamento degli elettrodomestici e degli accessori marcati da terzi costruttori, per i quali sarà fornito lo specifico libretto di uso e manutenzione e/o le indicazioni per scaricarlo dalla rete internet, completo dei recapiti dei pre-posti Uffici reclami e Centri di assistenza autorizzati (cui il privato e/o Rivenditore dovrà direttamente rivolgersi).

8.- CONSEGNA - TRASPORTO - VERIFICA.

Qualsiasi termine di consegna preventivato dal venditore deve intendersi puramente indicativo. La effettiva data di consegna sarà comunicata all'acquirente al pronto attraverso il canale extranet. Salvo contrario esplicito accordo scritto, la consegna è sempre "Franco fabbrica – FF" (Ex Works - Exw). Le merci viaggiano ad esclusivo rischio dell'acquirente. Si riterranno prive di valore nei confronti del venditore le richieste di consegna tassativa avanzate dall'acquirente, anche se avallate in conferma d'ordine (i termini ivi inseriti vanno intesi sempre come puramente previsionali e non vincolanti, mai essenziali), pertanto il venditore non risponderà nei confronti del consumatore e sarà manlevato dalle relative pretese dall'acquirente per ritardi nella consegna al consumatore. L'acquirente dovrà astenersi dall'assicurare tempi di consegna certi al consumatore sia dei beni ordinati che di eventuali sostituzioni e, ove lo faccia, ciò sarà a suo esclusivo rischio. Sono sempre ammesse consegne parziali, sicché l'acquirente non potrà rifiutarle, ovvero avanzare pretese di qualsivoglia genere in relazione a esse, ovvero a quelle per sostituzioni anche se plurime (es.: risarcimento danno per necessità di più interventi, ecc.).

Al momento dello scarico dei beni l'acquirente dovrà effettuare, anche per il tramite di suoi delegati, il controllo dei colli consegnati, per controllo si dovrà intendere l'ispezione visiva della merce al momento della consegna. Nel caso in cui rilevi difetti avrà cura di far annotare sul documento di trasporto (D.D.T.) i risultati della sua attività di verifica. Nel caso in cui l'acquirente non provveda ad alcuna annotazione nel documento di trasporto, la merce di darà per accettata come conforme e non potranno più esserne denunciati vizi, salvo il caso in cui gli stessi insorgano successivamente (vizi occulti). In quest'ultima ricorrenza, valgono le norme generali sulla vendita di cui al Codice civile.

9.- GARANZIA - RECLAMI - RESI.

Il venditore garantisce privi di difetti e conformi i beni da essa stessa prodotti, sui quali sia esposto il suo marchio, ovvero quelli privi di qualsivoglia segno distintivo che ne indichi come fabbricante un terzo.

Il venditore sostituirà i beni garantiti, o, qualora sia possibile, ai fini della eliminazione del vizio, loro singole componenti, a semplice richiesta dell'acquirente, sempreché la denuncia gli sia stata inoltrata tempestivamente. Tuttavia, l'acquirente resterà obbligato a pagarne il prezzo del pezzo rimesso in sostituzione. Il rimborso dello stesso avverrà, mediante emissione di nota di credito, - previa riconsegna del pezzo sostituito, completo del suo imballaggio, alla venditrice – alla verifica da parte dell'Ufficio qualità del venditore della imputabilità del vizio alla sua diretta attività. In nessun caso l'acquirente potrà richiedere qualsivoglia indennizzo e/o risarcimento del danno al venditore per i beni oggetti di fornitura diversi da quelli garantiti, né chiamare il venditore a sollevarlo per essi dalle conseguenze delle azioni a tutela promosse dal consumatore.

La riconsegna al venditore dei pezzi denunciati come viziati da parte dell'acquirente dovrà avvenire senza ritardo a cura e iniziativa di quest'ultimo. Qualora la riconsegna non avvenga tempestivamente, nonostante il vizio sia stato riconosciuto imputabile al venditore, questi avrà diritto a trattenere parte del prezzo netto pagato dall'acquirente del bene inviato in sostituzione e, in dettaglio, il suo: (a) 0% (zero per cento), ove la restituzione avvenga tra i zero e i sei mesi; (b) 50% (cinquanta per cento) ove la restituzione avvenga tra i sei mesi e i nove mesi dalla richiesta di sostituzione; (c) 70% (settanta per cento), ove la restituzione avvenga tra i nove e i dodici mesi; (d) 100% (cento per cento) ove la restituzione avvenga oltre i dodici mesi dalla richiesta di sostituzione.

10.- GARANZIE PER ELETTRODOMESTICI E ARTICOLI MARCHIATI DA TERZI.

Si rimanda ai singoli produttori di elettrodomestici e degli articoli marchiati da terzi per la garanzia e assistenza tecnica sugli stessi. Il venditore non assume alcuna responsabilità diretta, o indiretta, per difettosità di funzionamento, ovvero danni a persone e/o cose derivanti da cattivo funzionamento e/o da allacciamento alla rete elettrica, idrica e metano degli elettrodomestici e/o di altri articoli marchiati da terzi.

Per interventi di riparazione in garanzia e non, l'acquirente si impegna a comunicare al consumatore che per gli stessi dovrà fare riferimento alla rete di assistenza tecnica del produttore.

Il venditore si farà carico della sostituzione del prodotto solo ed esclusivamente in caso di danni da trasporto nel caso questo sia stato eseguito con i propri mezzi e il prodotto si presenti con imballo danneggiato e la contestazione sia stata effettuata allo scarico.

11.- USO DEI MARCHI.

Il rivenditore potrà utilizzare per fini pubblicitari e promozionali i marchi di proprietà del concedente che contraddistinguono i beni commercializzati solo previa autorizzazione scritta da parte del concedente stesso e a condizione che non possa derivarne pregiudizio alcuno alla immagine e alla attività dello stesso (ogni iniziativa promozionale e pubblicitaria dovrà essere conforme alle norme di autoregolamentazione nel settore e conformi alle norme aziendali sia nella grafica che nel messaggio).

Il rivenditore dovrà cessare immediatamente qualsiasi utilizzo dei marchi nel caso di cessazione dei rapporti commerciali con il concedente, nonché in caso di revoca dell'autorizzazione all'utilizzo.

L'utilizzo in ogni sua forma sarà concesso solo previa approvazione scritta da parte del Concedente; la approvazione sarà ottenuta solo dietro presentazione dettagliata di relativo progetto (presentazione sito, account social media, azioni promozionali, ecc.). L'autorizzazione concessa dal Concedente si dovrà ritenere valida per il progetto visionato di volta in volta.

Il Rivenditore dopo aver ottenuto la relativa autorizzazione ed in ogni caso si impegna a: a) utilizzare i marchi e/o loghi sempre congiuntamente alla propria ragione sociale completa (p.iva, ragione sociale, sede, ecc.) nel pieno rispetto delle forme, dimensioni e colori originali senza apportare nessuna modifica o alterazione; b) è fatto divieto al Rivenditore di associare i marchi della Concedente a campagne promozionali con specifici riferimenti prezzi, sconti, svendite, tipologie di rivendita (outlet, temporary store, spaccio, ecc.) e comunque ad effettuare campagne pubblicitarie lesive/denigratorie/negative dei marchi della Concedente; c) manlevare la Concedente da qualsivoglia tassa od imposta relativa a pubblicità effettuata direttamente che raffigura i marchi della Concedente.

L'uso dei marchi si intende concesso solo ed esclusivamente per contraddistinguere i prodotti della Concedente, è pertanto assolutamente vietato l'utilizzo dei marchi e dei diritti di proprietà industriale del Concedente in relazione a prodotti diversi da quelli forniti al Rivenditore dal Concedente, pena la risoluzione di diritto del rapporto commerciale. E' assolutamente vietato per il Rivenditore registrare, creare e/o diventare titolare di: marchi di proprietà del Concedente anche per altri prodotti appartenenti a diverse categorie merceologiche, contigue o meno a quella cui appartengono i prodotti del Concedente, siti internet/web o domini che contengano i marchi della Concedente senza riferimenti evidenti alla ragione sociale del Rivenditore, pagine social network gestite a nome del Concedente e/o che ri-mandano ai marchi del Concedente, domini di re-indirizzamento tra siti autorizzati ad altri contenenti marchi concorrenziali con quelli della Concedente.

Il Rivenditore, per tutta la durata del rapporto commerciale, si impegna a rispettare scrupolosamente le indicazioni sopra previste e ogni altra indicazione impartita dal Concedente in merito all'utilizzo specifico dei marchi e loghi in ogni loro forma e/o raffigurazione, (es. store, outlet, punto esclusivo, punto diretto, ecc.) nonché le direttive per l'utilizzo dei marchi nel web in generale (es. social network, siti internet, forum, registrazioni domini).

Il Rivenditore dovrà cessare immediatamente qualsiasi utilizzo dei marchi alla risoluzione o scioglimento anticipato del rapporto commerciale, nonché in caso di esplicita revoca dell'autorizzazione da parte del Concedente, eliminando ogni riferimento ai prodotti o ai marchi del Concedente dai punti vendita, insegne, listini, cataloghi, dépliant, siti internet, social network, ecc.

Salvo espressa specifica e documentata autorizzazione del Concedente, il Rivenditore si impegna a non effettuare nessuna registrazione web e/o creare qualsivoglia account internet associando alla propria attività i marchi della Concedente né diventare titolare di registrazioni, pena la risoluzione di diritto del rapporto commerciale.

Le parti convengono che per la violazione di tali obblighi il rivenditore sarà sanzionato con l'abbassamento dell'1% della scontistica a lui riservata per ogni abusivo utilizzo del marchio per la durata di sei mesi, salvo il risarcimento del maggior danno e la risoluzione di diritto del rapporto commerciale.

13.- FORZA MAGGIORE.

Nessuna delle parti sarà in alcun modo responsabile nei confronti dell'altra per il mancato, o ritardato, adempimento di alcuna delle obbligazioni del contratto, nell'eventualità in cui tale mancato o ritardato adempimento sia dovuto a eventi di forza maggiore, come guerre, incendi, pandemie, terremoti, inondazioni, scioperi, difficoltà insorte con la forza lavoro, scarsità di materie prime, restrizioni all'uso di energia, interruzione di trasporti, atti della pubblica autorità, o a qualsiasi altra azione, o causa, che non possa essere ragionevolmente prevista, o per cui non sia ragionevolmente possibile trovare rimedio tramite l'ordinaria diligenza.

È vietata la cessione, anche parziale, da parte dell'acquirente del contratto concluso con il venditore, salvo specifico consenso scritto formulato da quest'ultimo. Il venditore è libero di cedere in tutto, o in parte, il contratto concluso con l'acquirente a società del gruppo di appartenenza, nonché i diritti dallo stesso nascenti a chicchessia.

GENERAL SALES CONDITIONS

EN_ These general terms of sale regulate the supply of Lube Industries products and the contractual relationship between Lube Industries s.r.l. and its retailers.

These general terms of sale supersede all previous terms adopted and previously specified in the re-tailers' reserved section on the Lube Industries s.r.l. website.

These terms of sale will appear on all price lists prepared by Lube Industries s.r.l. and will be automatically considered to be accepted whenever an order of any kind is sent in by a retailer.

No exceptions may be made to these general terms of sale, unless an explicit written agreement is made between the parties. Therefore, the retailer must read through them for updates when making an order.

1.- DEFINITIONS.

The following words will have the following meanings in these general terms of sale:

- a) seller, Lube Industries s.r.l. (grantor, as far as the trademarks are concerned);
- b) buyer, the retailer, natural person, sole trader or company who buys goods and services from the seller;
- c) party, the seller or the buyer severally and separately from each other;
- d) parties, the seller and the buyer jointly;
- e) goods, things marketed and sold by the seller, either as single items and/or aggregated;
- f) service, any complementary and/or supplementary work performed to accompany the sale of goods;
- g) contract, the written agreement (this includes these general terms of sale) drawn up between the seller and the buyer for the sale of goods and services made available by the seller;
- h) order, the analogue or digital document created by the buyer, or by the territorial agent who has first obtained the buyer's approval, and sent to the seller in order to enter into a contract for the purchase of products and services made available by the seller;
- i) price lists, summarised paper-based and/or digital lists published periodically and containing prices of the merchandise manufactured and/or made available by Lube Industries s.r.l.;
- l) catalogue, an orderly, photographic and summarised list of the merchandise manufactured and/or made available;
- m) catalogue/price lists, summarised paper-based and/or digital lists published periodically and containing both prices and photographs of the merchandise manufactured and/or made available by Lube Industries s.r.l..

2.- ORDERS - CANCELLATIONS.

The order must be prepared in writing, dated and sent to the seller by post, fax or email, or electronically by means of the special software programme, or via any other computerised or electronic device that records a certain date of transmission and reception. Alternatively, it can be sent through the agent in charge of the territorial zone. In any case, the order must be complete with item codes for each single product as well as its detailed description. It may also prove necessary for the order to be accompanied by itemised notes, drawings and templates, all which will be an integral and essential part of the order and must be signed by the buyer for ease of identification. Should the measurements of all or part of the goods included in the order undergo any changes due to unforeseen circumstances, the buyer must inform the seller without delay. It will only be possible to act upon this notification of changed measurements if the goods ordered have not yet been manufactured.

The buyer is liable for incorrectly measuring the rooms in which the merchandise will be placed, for wrongly choosing the merchandise ordered (in terms of measurements and positioning within the room) as well as for failure to check the measurements of the merchandise sent by the seller against the measurements originally sent by the buyer. Therefore, the buyer vouches to hold the seller harmless from any claims that might be made against it by third parties, including the consumer. The sales contract is entered into when the order confirmation sent by the seller is approved by the buyer.

The order confirmation is the file created by the seller for the order received on the basis of which it initiates the production process. Acceptance of order confirmation may take place either explicitly or tacitly. Tacit approval occurs whenever the buyer does not let the seller have requests for changes to the order confirmation within five working days of receipt.

The seller may reject the order sent by the buyer for supply issues, organisational difficulties or production problems as long as the buyer is promptly notified.

In any case, the seller may reject the order, halt the production process and/or suspend the delivery of goods covered by previous contracts without incurring any kind of liability in the event of out-standing or late payments and administrative irregularities on the buyer's part, or if there are reports that the buyer's financial standing has become so precarious as to cause misgivings about its ability to honour commitments.

3.- PRICE LIST.

Price lists may be changed by the seller provided that the buyer is given advance notice of 45 days.

The amounts specified in the price list are expressed in euros, refer to retail prices charged for the goods and must be understood to be "Ex Works - Exw", excluding VAT, WEEE AND all other additional costs (transport, warehousing, unloading operations, assembly, etc.) and/or taxes/charges.

For any special goods and/or services (ones that do not figure on the price list therefore) or for non-standard sizing, the price will be specified by the seller in the quote from time to time and the customer will have to ask from time to time for the price in the quote, in the acceptance of order and/or in another communication apart as a specific and separate request for a quote from the purchaser. In any case, the seller may decline the order for special goods and services and/or for non-standard-sized goods without incurring any kind of liability.

As regards special goods and services, whenever the buyer has not sent a specific and separate request for a quote prior to order confirmation (to be emailed to the person in charge of the pricing office) and the order has nevertheless become definitive, meaning that the goods have been produced, the buyer may not dispute the price, nor may it under any circumstances decline delivery and subsequent billing for the goods.

The seller may, at its absolute discretion, make changes to the goods and services on the price list, withdrawing, modifying and/or replacing them, as long as the buyer is promptly notified.

In any case, the digital price lists that figure in the EVOLUTION order-development software programme made available to all Gruppo Lube retailers are always applicable and updated in real time.

4.- PRICES FOR THE BUYER - PAYMENT TERMS.

Unless different agreements are reached (such as promotional arrangements), payment due from the buyer for goods and services will be established according to the business terms agreed on between the parties (however these were agreed upon) as regards the prices specified in the lists mentioned in the previous point and prevailing at the time of goods delivery and/or performance of services, plus VAT, WEEE and all other costs, duties and/or tax per single business deal.

The business terms for the parties are ordinarily established by means of a written agreement; should there be no such agreement, they may also come into being as a result of procedures customarily adopted by the parties, including those evidenced by billing and invoices. Any exceptions to the usual business terms that are more favourable to the buyer shall be deemed to be a valid departure from the norm only for the single business transaction in question and may in no way be construed as definitively changing the customary business terms.

Once the contractually-agreed deadline for payment has elapsed, the seller may issue a cash order (Italian Ri.Ba), or any other means or form of payment, to obtain settlement of the amount due, plus a surcharge for interest, expenses and any other ancillary costs, provided that it duly notifies the buyer. In the event of payment after the contractually-agreed deadline, accrued interest shall be charged in compliance with Italian Legisl. Decr. no. 231/2002, while any discounts expressly allowed for previously-arranged payment terms shall be recovered.

Should payment not be made by the contractually-agreed deadline, the seller is not only entitled to suspend performance of current contracts and decline to accept new orders, but may also at its own discretion, over and above any other right or remedy due to it by law or under the general agreed terms of sale, take one or all of the following courses of action:

- a.- demand immediate payment of any sums owed to it by the buyer, including any deferred payment or instalments, even if the buyer has provided promissory notes, bills of exchange and other debt securities, determining in this case, forfeiture by the buyer of payment in instalments, without prejudice to the provisions of section no. 1525 of the Italian Civil Code;
- b.- provide the buyer with supplies upon advance payment for goods delivery and/or performance of services;
- c.- revoke allowances, discounts, privileges and other special treatment that were previously afforded to the buyer.

Goods delivered continue to fall under the ownership of the seller until the covenanted amount has been paid in full. Sections 1523 of the Italian Civil Code will be applicable in the event of non payment

5.- DEDICATED DISPLAY AREAS - STORE.

The assignment of goods and services required to set up exhibitions, trade fairs and stores on premises either owned by the buyer or held by it for any other reason shall be regulated by these general terms of sale, unless other arrangements are made in writing.

6.- TECHNICAL DATA - PRODUCT FEATURES.

The technical data and product features described in the catalogues, brochures and price lists or evidenced by samples supplied (cabinet doors, colour boards, household appliances, etc.) must be understood not to be necessarily identical to the actual products (but only indicative); the finishes may vary in appearance over time after they have been exposed to environment (light, moisture, etc.) and will differ according to individual supply batches and to the cut (this is particularly true for natural materials, such as wood and stone). Therefore, the seller cannot be held liable for differences in hues, veining, texture, aesthetics and the such like for the products (including household appliances and accessories) if these variations fall within reasonable levels of acceptance and, under no circumstances, can there be liability in the event of additional supplies following on from an initial one. The buyer vouches to hold the seller harmless from any claims that might be made against it by the customer. The seller reserves the right to make any technical or design changes to the goods without any obligation to provide prior notice should such changes not significantly affect the quality, functionality or aesthetics of the goods; otherwise, the seller must provide the buyer with the appropriate information.

7.- INSTALLATION AND USE.

The seller takes no responsibility for proper assembly of the goods, nor for the way they are secured to the walls and/or floors because these activities must be performed by the buyer based on the various settings and environments; said activities must take place according to recommended safety regulations prescribed and/or imposed by best practises aimed at safeguarding objects and people. Nor does the seller accept any responsibility for the usage, maintenance and cleaning of the goods, no matter who carries out these activities if no heed is paid to the maintenance and use manual (MUM) supplied and/or to the same manual available for download from the internet thanks to the QR-CODE figuring on the leaflet enclosed in each hardware packet (the leaflet must always be made available to the customer). In any case, the buyer must inform the customer about how to use, maintain and clean the product properly.

The seller is exempted from any liability for incorrect usage of the household appliances and accessories branded by third-party manufacturers for which specific maintenance-and-use booklets will be provided, and/or for which directions will be given to customers on how to download the hand-books from the internet, including the contact details of officers at Complaint Offices and Authorised Support Centres (that private customers and/or the Retailer may get in touch with directly).

8.- DELIVERY - TRANSPORT - INSPECTION.

Any delivery dates estimated by the seller must be understood to be merely indicative. The actual delivery date will be sent to the buyer via the extranet system when the goods are ready for shipment. Unless any other arrangements are explicitly made in writing, the delivery terms are always Ex Works (Exw). The merchandise is transported at the sole risk of the buyer. Any requests made by the buyer for mandatory delivery will be deemed to be ineffective against the seller, even if said requests were approved on the order confirmation (any dates on the order confirmation must be understood to be simply forecasts and in no way binding or peremptory); therefore, the seller will not be accountable to the customer and will be held harmless from any claims made by the buyer due to delays in delivery to the customer. The buyer must abstain from providing the customer with certain delivery dates both for ordered goods and for any replacements. If the buyer should provide dates, it does so entirely at its own risk. Partial deliveries can always be effected and the customer is not, therefore, entitled to refuse them, nor to make any claims or demands of any kind in this regard, including for replacements even when they are multiple (e.g. requests for damages delivery occurs in several stages, etc.).

When the goods are unloaded, the buyer (or one of its delegated agents) must check the delivered packages and by "check" we mean carrying out a visual inspection of the merchandise upon delivery. Should any defects be noticed, the buyer must describe them on the delivery note, recording the outcome of the check/INSPECTION. Should the buyer fail to make a note on the delivery note, the merchandise will be considered to have been accepted as non-defective and no claims may subsequently be made about faults or defects, unless these arise at a later stage (hidden defects). In such an event, the general rules of sale as per the Italian Civil Code shall apply.

9.- WARRANTY - COMPLAINTS - RETURNS.

The seller warrants that the merchandise produced by it and bearing its brand is defect-free and compliant, including those items devoid of any distinguishing signs that would indicate they have been manufactured by a third party.

At the buyer's behest, the seller must replace goods under warranty, or, whenever possible, substitute single component parts in order to remedy the defect as long as the complaint has been made promptly. However, the buyer will still be obliged to pay for the piece provided as a replacement. The buyer will be refunded upon issue of a credit note once the replaced item (complete with its original packaging) has been returned to the seller and the seller's quality Department has checked to make sure that the defect is ascribable to the seller's activities.

Under no circumstances may the buyer demand from the seller any kind of compensation and/or damages for goods supplied other than those under warranty, nor may it ask the seller to hold it harmless for such goods in the case of action taken by the customer to protect its rights.

It is the duty of the buyer to return to the seller the items declared by it as defective without delay. Should the items not be returned promptly even though it has been recognised that the defect was ascribable to the seller, the latter will be entitled to retain part of the net price paid by the buyer of the goods sent as a replacement and, to be exact: (a) 0% (zero percent), should the goods/items be returned between zero and six months; (b) 50% (fifty percent) should the goods/items be returned between six months and nine months from receipt of the replacement request; (c) 75% (seventy five percent), should the goods/items be returned between nine and twelve months; d) 100% (one hundred percent) should the goods/items be returned after twelve months of receipt of the replacement request.

10.- WARRANTIES FOR HOUSEHOLD APPLIANCES AND ITEMS BRANDED BY THIRD PARTIES

Manufacturers of household appliances and items branded by third parties are responsible for the warranties and technical support for said household appliances and products. The seller assumes neither direct or indirect liability for functional defects, or for damage to persons and/or things, stemming from the poor functioning and/or incorrect electrical wiring or improper connection to the water or gas supply as regards household appliances and/or other items branded by third parties.

As far as repairs carried out under the warranty period or outside the warranty period are concerned, the buyer undertakes to ensure that the customer knows that they must get in touch with the manufacturer's technical support service.

The seller will only take responsibility for product replacement if items have been damaged during transportation in the seller's vehicles, if the product has damaged packaging and if the damage has been recorded at the time of merchandise unloading.

11.- USE OF TRADEMARKS.

The retailer may use the distinguishing brands and trademarks owned by the grantor for advertising and promotional purposes if it has first obtained written authorisation from the grantor, and provided that there is no chance of harming in any way the grantor's image and activities (all promotional and advertising initiatives must be compliant with sector-specific codes of conduct and must comply with corporate regulations both in terms of graphic design and the message itself).

The retailer must immediately cease usage of the brands and trademarks should business relations with the grantor be broken off, and the same applies should authorisation be revoked.

Any kind of usage will only be possible if the grantor provides written authorisation beforehand; said approval/authorisation must be applied for by submitting a detailed description of the project (website presentation, social-media accounts, promotional activities, etc.). When authorisation is provided by the grantor, it must be understood to be valid only for the project that has been viewed from time to time.

After the retailer has obtained appropriate authorisation, they must also undertake: a) to always use the trademarks and/or logos alongside their own full business details (VAT number, trade name, premises, etc.) and must completely abide by the original shapes, sizes and colours without changing or altering anything; b) the retailer is not allowed to associate the trademarks of the grantor with promotional campaigns that make specific references to prices, discounts, clearances and various forms of reselling (outlets, temporary store, factory shops, etc.) and in any case to conduct advertising campaigns that are harmful/disparaging/negative towards the grantor's trademarks/brands; c) to hold the grantor harmless from any kind of tax or duties incurred by advertising directly carried out which portrays the trademarks/brands of the grantor.

Usage of trademarks/brands is solely granted in order to distinguish the grantor's products. Therefore, it is entirely forbidden to use the trademarks/brands and industrial property rights of the grantor for products other than those supplied to the retailer by the grantor. Should this happen, the business relationship shall be terminated ipso iure.

It is strictly forbidden for the retailer to register, create and/or become a holder of: trademarks/brands belonging to the grantor, including other products falling into various product categories connected or un-connected to those categories that the grantor's products belong to, websites or domains that contain the grantor's trademarks/brands without clear reference to the business details of the retailer, social-network pages managed in the name of the grantor and/or ones that refer to the grantor's trademarks/brands, re-routing domains between authorised websites and other containing trademarks/brands that compete with those of the grantor.

For the entire duration of the business relationship, the retailer vouches to strictly comply with the instructions above and with any other instructions provided by the grantor regarding specific usage of brands/trademarks and logos in any shape and/or guise (e.g. stores, outlets, exclusive points of sales, direct points of purchase, etc.), as well as directions on how to use trademarks on the web in general (e.g., social networks, websites, domain registration).

The retailer must instantly stop using the trademarks/brands not only if the business relationship is terminated or ceases to exist earlier than planned, but also if the grantor expressly revokes authorisation. In such circumstances, the retailer is obliged to remove all references to the grantor's products or trademarks/brands from stores, signs, price lists, catalogues, pamphlets, leaflets, brochures, websites, social networks, etc.

Unless the grantor provides express, specific and documented authorisation, the retailer vouches not to carry out web enrolment not to create any kind of internet account which associates its activities with the grantor's brands/trademarks, and it also vows not to become a registration holder otherwise the business relationship will be terminated ipso iure.

The parties agree that if these obligations are breached, the retailer will be fined with a 1% reduction of its discount for each instance of misuse of the brand/trademark for a period of six months, without prejudice to the grantor's right to ask for additional damages and the termination ipso iure of the business relationship.

12.- DATA PROTECTION.

The buyer certifies that it has been informed that the personal data provided are processed for the following purposes:

- they are necessary for processing (this includes by third parties) to deal comply with formalities incurred by accounting and/or tax requirements;
- they are necessary for the processing of data pertaining to the management and performance of the Contract and/or to the discharging of a legal duty (refusal to provide the data required will mean that the service cannot be rendered or that the contract cannot be performed);
- they could be used to create a mailing list to communicate specific initiatives of the Seller that benefit the buyer.

The personal data used may be disclosed solely if and when a provision of law allows for it, or to all those who have a direct, concrete and current interest which relates to a legally-guaranteed situation such as (by way of an example only):

- public administrations who are required by law to collect information;
- Inland revenue agencies;
- data officers or external consultants;
- banking institutions.

The personal data provided may not be disclosed and will be kept as from the date the contract is entered into for the minimum period of time required by law.

In addition to the right to data portability, the buyer is entitled to: (a) seek access to its own data, and have it rectified or erased when it is no longer necessary, or have processing restricted, or object to processing; (b) withdraw consent granted at any given time without affecting the lawfulness of processing based on the consent granted prior to withdrawal; (c) lodge complaints with the supervisory authority (Italian data protection authority). Its requests must be sent to the seller by email, certified email or by ordinary mail to the addresses published on the website by the seller.

13.- FORCE MAJEURE.

Neither of the parties shall be liable in any way to each other for failure to discharge, or delay in discharging, any of their contractual duties should said failure or delay be due to force majeure, such as war, fires, pandemics, earthquakes, floods, strikes, issues relating to the work force, scarcity of raw materials, restrictions in the use of energy, transport disruption, official acts or any other actions or causes which cannot be reasonably foreseen, or for which it is not reasonably possible to find remedy via ordinary due diligence.

In such circumstances, the obligation to fulfil said duties shall be suspended until the force majeure event is over. This is without prejudice to the right of the party not interested in impediment due to force majeure to terminate the sales contract by sending a registered letter with proof of receipt (or a certified email message) to the other party, should the force-majeure event last for more than 6 (six) months.

In all these cases or in similar circumstances, the parties vow to cooperate with each other in good faith so as to contain any losses and damage and to avert unwanted repercussions on themselves.

14.- APPLICABLE LAW AND COMPETENT COURT.

The contracts drawn up and entered into by the parties must be compliant with laws and regulations, and shall be governed by the 1980 Vienna Convention on the international sale of goods, and for any points not covered by the Convention, by Italian laws.

Any disputes relating to and/or ensuing from sales agreements drawn up and entered into by the parties and based on the afore-mentioned regulations (including any pertaining to their validity, construction, breach or termination) will be subject to Italian jurisdiction and fall solely within the territorial purview of the Court of Macerata.

15.- FINAL CLAUSES.

Should one or more of the preceding provisions and general terms of supply be found by the seized judge to be null and void, invalid or non-applicable, this will not affect the validity and applicability of the remaining general terms.

The buyer may not, without specific consent in writing from the seller, transfer the contract entered into with the seller, regardless of whether this is wholly or partly. The seller is free to transfer all or part of the contract entered into with the buyer to companies belonging to its group, including all the rights arising from said contract to any other party.

The buyer is obliged to promptly inform the seller about any significant events pertaining to the company and its business activities (for instance, lease, commodatum, usufruct and transfer of business or sale of business units, as well as changes to the company's legal status or financial situation, etc.).

The buyer is not entitled to transfer the rights and obligations arising from the contract without prior written consent from the seller.

The buyer must ensure that all correspondence and communications relating to the contract must be made in writing.

Should one of the parties fail to exercise the rights or powers granted to them in this contract, such conduct shall not be seen as a waiver of their rights or powers, nor may it prevent said party from asserting, at some later stage, their rights or powers, or any other ensuing rights or powers.

Tolerance of non-compliance with contractual provisions may not in any way be construed as waiver and/or interruption of the contract.

FLAP DOOR WALL UNITS BLUMOTION CLOSING SYSTEM

PENSILE CON APERTURA A RIBALTA

Le ante aprendosi verso l'alto consentono di avere un' ampia visione d'insieme all'interno del mobile. In questo modo è possibile un comodo accesso agli oggetti contenuti al suo interno e, dal punto di vista ergonomico, molto vantaggioso. La regolazione della forza di apertura può essere impostata in modo esatto in base al peso del frontale. Grazie all'arresto progressivo le ante si fermano in qualsiasi posizione; in questo modo la maniglia è sempre facilmente raggiungibile. La chiusura è ammortizzata di serie.

The opening force can be adjusted precisely according to the weight of the front. The doors stop in any position thanks to the gradual stopping movement; in this way, the handle is always easily accessible. The closing movement is cushioned standard

 <p>PERCHÈ LA CAPP A "NO DRIP": a differenza dei tradizionali piani cottura a gas dove la fiamma riscalda le superfici della cappa, nei piani cottura ad induzione i vapori condensano velocemente sulle superfici "fredde" della stessa, generando così gocce d'acqua che cadono sul p.c. sottostante. LA CAPP A "NO DRIP" È LA SOLUZIONE A QUESTO PROBLEMA.</p> <p>WHY THE "NO DRIP" HOOD: unlike traditional gas hobs where the flame heats the surfaces of the hood, with induction hobs the vapors quickly condense on the "cold" surfaces of the hood, thus generating drops of water that fall on the hob below. THE "NO DRIP" HOOD IS THE SOLUTION TO THIS PROBLEM.</p>
