

Carpet & Home

Who We Are

Our Company has been serving to its customers since 1975.

We aim to progress in accordance with our vision and mission and keep serving to our customers from generation to generation without lowering our quality standards. With this tradition, we became largest carpet retailer .

We believe that carpets create the identity of the places we live in. With this consciousness, characterizing your interiors with our products is our major source of hapiness.

Being our customers' first choice in our work on project basis is due to the high value we give to them.

We undertake big installation projects within also abroad. We have signature on various hotels, mosques, and other facilites.

We are also exporter of machine made carpets. Our primary market is USA,UK and south Africa. We have strong relations with our customers thanks for our bileteral trust and effort.
