Bugün, Anadolu kültürünü modern çağın gereksinimleriyle buluşturuyor, her müşterimizin, tıpkı her halının olduğu gibi, ayrı bir hikayeye sahip olduğunun farkındalığıyla hareket ediyoruz.

## HALI'NIN EN GÜÇLÜ ADRESİ

# HAKKIMIZDA

1975 yılında başlayan yolculuğumuzda, elle tutulamayan duyguları, anıları, el emeği göz nuru halılarailmekilmek dokuyarak, alanında lider markaya dönüştü.

Güçlü bir ticaret anlayışıyla moda ve trendlere yön veren, gayrimenkul sektörünün en önemli projelerinin ve kurumsal dekorasyonların da aranılan ismi oldu.

Bugün, Anadolu kültürünü modern çağın gereksinimleriyle buluşturuyor, her müşterimizin, tıpkı her halının olduğu gibi, ayrı bir hikayeye sahip olduğunun farkındalığıyla hareket ediyoruz. Bu sebeple evleri bina olmaktan çıkaran, el dokumasından, İran halılarına, Herekelerden özel tasarımlarına kadar birçok farklı seçenekte halıyı sizlerle buluşturuyoruz.

## ABOUT US

In our journey that started in 1975, became a leading brand in its field by weaving a knot with hand-knotted knots, memories and hand-made carpets.

Directing fashion and trends with a strong trade understanding, become the sought after name of the most important projects and corporate decorations of the real estate industry.

Today, we bring together the Anatolian culture with the requirements of the modern age, and we act with the awareness that every customer has a separate story, just like every carpet. For this reason, we bring you carpets in many different options, from hand-woven to Persian carpets, from Herekler to special designs.

## **NEDEN DOKUSU DOĞADAN**

İnsanlara ve evlerindeki kullandıkları ürünlerin doğal olmasına çok önem veriyoruz.

Günlük hayatta kullanılan ürünlerin insan sağlığına ve paylaştığımız çevreye olan etkilerini göz ardı edemiyoruz.

O yüzden ürünlerimizde size sağlığı, saflığı, güveni ve doğadan geleni sunmak istiyoruz. Bu dünya bizim!

## **DOKUSU DOĞADAN HALILAR**

- Ortamdaki fazla nemi alır, gerektiğinde geri verir.
- Sentetik iplere nazaran daha az toz tutar, nefes alır.
- Koku yapmaz, koku barındırmaz.
- Antistatiktir. Sentetik ipliklerle üretilmiş halılar gibi statik elektriklenmeye sebep olmaz, vücudu korur.
- Ateş karşısında tutuşma hızı diğer halılara (akrilik, polipropilen ve diğerleri) nazaran daha düşüktür, alev almaz.

## **WHY TEXTURED FROM NATURE**

We attach great importance to people and the products they use in their homes to be natural. We cannot ignore the effects of products used in daily life on human health and the environment we share.

That's why we want to offer you health, purity, trust and nature. This world is ours!

## **RUGS TEXTURED BY NATURE**

- It takes the excess moisture in the environment and returns it when necessary.
- It holds less dust and breathes than synthetic threads.
- It does not smell or contain odor.
- It is anti static. It does not cause static electricity like carpets produced with synthetic yarns, it protects the user.
- Ignition temperature is lower than other carpets (acrylic, polypropylene and others) It is lower than that, non-flammable.

## ÖZEL TEZGAH HALILARIMIZIN DOKUMA HİKAYESİ OUR SPECIAL MACHINES WEAVING STORY

Uşak bölgesindeki kadınların maharetli elleri ve eski dokuma tezgahlarının beraber çalışmasındaki eşsiz uyum... Maharetli eller uzun zaman gerektiren üretim sürecin her aşamasında halılar ile tek tek ilgilenir, dokumadan yıkamaya, kadar her aşamada gösterdikleri özen ve emek ile yüksek standartta eşsiz halılar ortaya çıkarırlar. Üretimde makine kullanımı sadece halıdaki düğümlerin takılması ile sınırlandırıldığı için her halı el halısı gibi özgün olarak üretilmiş olur. Tarzı ile geçmişi günümüze taşıyan özel tezgâh halıları yüksek kalite yün ve bambu ipeği gibi doğal malzemeler ile dokunarak son derece dayanıklı olmanın yanında eşsiz bir parlaklığa sahip olurlar.

500 yıllık Uşak halı geleneği, maharetli ellerde dokunan ve dünyaca bilinen modelleri evlerinizde yaşatmaya devam edecek.

## OUR SPECIAL MACHINES WEAVING STORY

The incomparable harmony of the skilled hands of women in the Uşak region and the operation of old looms together ...

Skilled hands take care of the carpets one by one at every stage of the production process, which requires a long time, and they produce unique carpets of high standard with care and effort in every stage from weaving to washing. Since the use of machinery in production is limited only by attaching the knots on the carpet, each carpet is produced originally like a hand-made carpet. The special loom carpets that carry the past with their style to the present day, are touched with natural materials such as high quality wool and bamboo silk, besides being extremely durable, they have a unique gloss.

500-year-old Uşak carpet tradition, world-renowned models woven by skillful hands will continue to live in your homes.

We were established in 1975 with the aim of developing TURKISH HAND CARPET, extending hand-made carpet production activities, preserving and reviving quality with the quality standard in use. With the awareness of the greatness and responsibility of the cultural heritage it has inherited, handmade carpet workshops thousands of carpets.

We present the successful and advanced products of our traditional hand-made carpets, whose looms are woven one by one by skilled hands, with a contemporary interpretation. All your shopping

To meet your expectations and “Customer Satisfaction” oriented wide product group, reasonable price, best service, custom production in the pattern, color, quality and size you want.

It provides service with its principles that do not compromise on its ability and quality and with the understanding of professional team spirit. We request you to consider the periodic maintenance and cleaning recommendations that must be followed in the use of the product you purchased.

we thank you.

## **PERIODIC MAINTENANCE AND CLEANING**

. To clean your carpet from dust, at least once in 10 days, at most once in 3 days. vacuum in one direction with a vacuum cleaner. Do not whisk, shake, beat or pull loops from the surface of your carpet, the protruding threads will be level with the surface of your carpet.

cut with scissors.

. It is a characteristic feature of a natural and high quality carpet that piles or threads are removed.

As you vacuum your carpet regularly and over time, this shedding will decrease.

. Change the places of heavy items on your carpet from time to time and smooth out the areas with traces of items with the help of a brush. Change the position or direction of your carpet at certain time intervals. Thus, you can provide the same transit traffic at every point.

. Every carpet may become shading after being used for a certain period of time. This is not a manufacturing defect. It is a natural process resulting from use.

. Remember that your carpet is also a textile product and should not be exposed to direct sunlight.

Be careful not to leave. Excessive and direct sunlight can cause color changes. may cause.

.Do not fold or break your carpet. Roll it up if not using it. Store in a horizontal position, in a non-humid environment .

.You can do the general cleaning of your carpet with a quality carpet shampoo or dry cleaning according to the cleaning method specified on the label.

## **STAIN CLEANING**

. First of all, please remember: It is not possible to produce “stain-proof carpet”.

.The golden rule in cleaning all stains is to take appropriate action as soon as possible.

. If a solid material has been spilled on your carpet, remove the solid material without scattering it with the help of a spatula or dry paper.

.If a liquid substance has been spilled on your carpet, first press the wetted area with a paper towel or towel. This process ensures that the liquid is thoroughly absorbed. Then wipe the stain using warm water and a good quality carpet shampoo. Be careful not to batter your carpet. Finally, rinse your carpet with the same method and leave it to dry on its own.

After removing the stain, it is useful to vacuum with a vacuum cleaner.

. Substances that will damage your carpet such as bleach and vinegar during cleaning do not use .

A professional tool for strong stains such as chemicals, alcohol, tea, coffee stains. We recommend you to get cleaning service.

. If the spilled substance on your carpet has created a permanent stain, chemical stain removers

You may need to use

Before applying such products to the stain, in an invisible corner of your carpet.

We recommend that you try it, if you get suitable results, use it.

. If you have a pet, carefully check the toilet needs and clean your carpet.

Don't let it contaminate. Such stains cause permanent color change on your carpet.
