IDEANOTTE

VOLUME 2

IDEANOTTE arricchisce la sua collezione con nuovi prodotti che si adattano all'esigenza di rendere i vari ambienti della casa sempre più confortevoli e ricercati.

5 nuovi modelli letto dalle linee essenziali ed eleganti, perfetti per spazi contenuti e in continua evoluzione; 2 gruppi notte con anime differenti ma con l'intento comune di uscire dallo stereotipo di semplice contenitore.

La collezione armadi si amplia con nuovi modelli e tanti elementi speciali, che rendono il prodotto dinamico e perfetto per spazi casa sempre più fluidi e meno segmentati.

Due nuove tipologie di cabine che contengono e organizzano lo spazio in modo elegante e funzionale.

IDEANOTTE conferma i suoi principi di completezza e trasversalità, per rispondere ai continui mutamenti della nostra casa e del nostro quotidiano.

IDEANOTTE enriches its collection with brand new products that comply with the need to make the different areas of the house more and more comfortable and refined.

5 new beds with essential and smart design, excellent for small and constantly evolving spaces; 2 night chests with different taste and with the common aim of breaking out of the stereotype of an easy cabinet.

The wardrobe collection expands with new doors and many special modules, which make the product dynamic and perfect for increasingly fluid and less segmented home spaces.

Two new walk-in closet models that contain and organize space in an elegant and functional way.

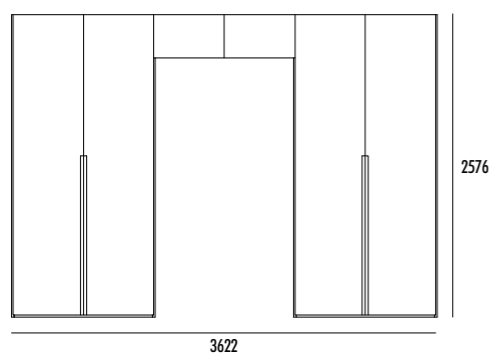

IDEANOTTE confirms its principles of completeness and transversality, to respond to the continuous changes in our home and in our daily life.
