**“Cambiamo
il punto di vista,
trasformando
elementi contenitivi
da oggetti marginali
di una stanza
in spazi modulabili
in cui vivere
la nostra quotidianità.”**

“We change our point of view of transforming
storage elements from marginal objects in a room
into modular spaces in which to inhabit our daily lives.”

IT_

Questo catalogo presenta i primi passi nel mondo di Homy Giorno. Un sistema progettato per arredare gli spazi della zona giorno che, attraverso nuove finiture e soluzioni compositive, racconta anche un nuovo modo di interpretare gli ambienti. Homy Giorno nasce infatti per arredare con funzionalità e stile uno spazio vivace e dinamico come quello del soggiorno, rispondendo alle sue diverse necessità. A questo proposito, il volume si divide in tre sezioni: la sezione dedicata ai sistemi contenitori, la sezione ibrida che unisce ai contenitori i sistemi spalla e la sezione dedicata ai sistemi spalla. Dalle soluzioni solo contenitive, a quelle più aperte ed espositive.

EN_

This catalogue is your first look inside the world of Homy Giorno. The collection has been designed to furnish the living area and tells the story of a new way of interpreting the space, with fresh finishes and ideas for your compositions. With Homy Giorno, we want to create a dynamic living space that has real energy, furnishing the room with functional, stylish features to satisfy your every need. To help guide you through, we've divided this catalogue into three sections: the first explores our storage units, the second is a hybrid section combining storage units and structural side panelling, while the third focuses solely on side panel compositions. You can find everything from straight-talking storage solutions to more expansive display spaces.

IT_

In questa proposta di composizione, una boiserie riquadra lo spazio dedicato al posizionamento del televisore. La boiserie è composta da un unico schienale folding, disponibile in tre altezze e diverse larghezze, per adattarsi alle diverse modularità dei contenitori. Questo tipo di pannellatura ha la particolarità di poter essere retroilluminata nella parte superiore.

EN_

This composition uses wood panelling to frame the space designed for your TV. A single-piece back panel has been created using the folding technique and comes in three different heights and widths, to accommodate the modular storage units. The unique feature of this panelling is the backlighting along the top.

Il sistema di contenitori Homy Giorno permette anche la realizzazione di madie, sia a sospensione che sostenute da diverse tipologie di staffe o piedini. Soluzioni che combinano la capacità di contenimento alle dimensioni ridotte, ottimizzando lo spazio di un ingresso o un soggiorno. In questa proposta, la madia d'ingresso è stata realizzata nella nuova finitura Matwood Honey abbinata al colore laccato Petrolio.

EN_

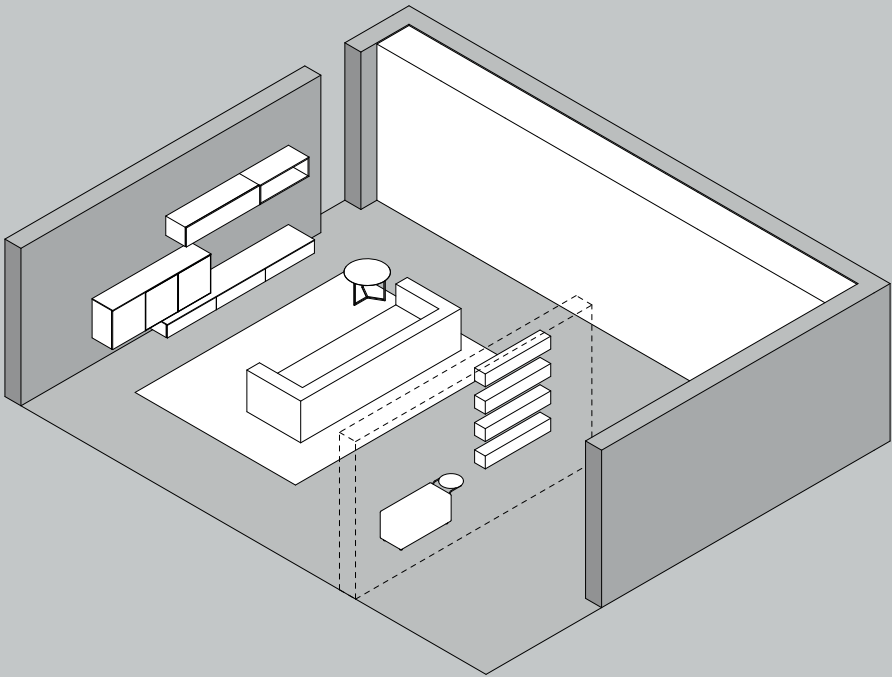

With the Homy Giorno storage collection, you can also create sideboards. These can be floating, wall-mounted with different types of bracket, or floor-standing with a range of stands to choose from. All our solutions maximise the storage space while keeping the units neat and compact, optimising the square footage you have available in your living room or entrance. The entrance sideboard shown here features the new Matwood Honey finish, which has been paired with an insert in a coloured Petrolio lacquer.

Il mondo Homy è arricchito da tutta una serie di complementi e accessori per completare in modo pratico e leggero l'allestimento delle pareti del proprio soggiorno. I pouff Mondrian, disponibili nelle varianti porta oggetti e porta riviste, sono una soluzione versatile che all'occorrenza può trasformarsi anche in seduta aggiuntiva o come appoggio di servizio al divano per riviste o piccoli oggetti.

EN_

The Homy collection also includes an extensive range of complementary elements and accessories to complete the wall design in your living room in a sleek and practical way. The Mondrian pouffes are versatile pieces, which come in two models: with a magazine rack or table. These pouffes can easily be transformed into additional seating or serve as a handy sofa side table.

IT_

Il soggiorno è al giorno d'oggi un ambiente ibrido. Non solo luogo di relax e convivialità, viene sempre più spesso destinato anche a spazio di lavoro. Diventa quindi necessario che i mobili per la zona giorno uniscano alla funzione contenitiva un design sobrio ed elegante. Nella composizione proposta in queste pagine la nuova essenza Matwood Coffee è stata abbinata alla finitura Concrete Maggese, per donare alle superfici un aspetto più materico e naturale.

Homy _ Giorno

EN_

The modern living room is a hybrid space. Not only somewhere to relax in and spend time together, it is also increasingly being used as a workspace. This calls for furniture with a slick, elegant design, beyond just space to store possessions. In the composition shown here, we have paired the new Matwood Coffee grain with the Concrete Maggese lacquer, for a more natural, textured surface finish.

SEZIONE

SPALLA e CONTENITORI

IT_

In questa sezione il sistema dei contenitori incontra le soluzioni a libreria. Composizioni ibride che raccontano l'estrema flessibilità del sistema Homy Giorno e suggeriscono modalità fluide di interpretazione dell'ambiente soggiorno. Una risposta sia alle esigenze di spazio e al loro variare nel tempo, che alle diverse funzioni a cui viene destinato l'ambiente più vitale della casa: quello che è sempre stato lo spazio per eccellenza dedicato al relax e alla convivialità è oggi anche un luogo di lavoro da vivere al meglio.

EN_

In this section, you can find combinations of storage units and bookcases. These hybrid compositions show just how flexible the Homy Giorno collection can be, guiding you in creating a fluid living space. This comes in response to two different factors: the first is your need for space and how this can change over time; the second is the varied range of functions for which the living room space can be used. As the most dynamic room in the home, it has always been a place for relaxation and spending time together, but today it has also become a workspace.

IT_

Una composizione che combina il sistema di contenitori a quello delle librerie a spalla. I moduli a cestone si innestano sulla struttura della libreria e diventano base d'appoggio per il televisore. Allo stesso modo, il pensile a vasistas si interseca alla struttura della spalla creando un vivace gioco di geometrie. Per una migliore organizzazione dello spazio, la libreria può essere completata con dei pratici alveari ad incasso che aggiungono una funzione contenitiva extra.

EN_

This composition combines storage units and bookcases structures. Capacious bottom drawer units can be slotted into the bookcase structure, which also serve as a base for your TV. Above, the wall unit with a lift-up opening intersects with the structural side panelling, creating a striking geometric look. To help you better organise your things and create some extra storage space, practical dividers are also available, which can be slotted into the bookcase.

In un soggiorno le esigenze di contenimento possono variare nel tempo. Homy Giorno propone per questo una combinazione integrata di librerie e contenitori. In questa composizione la struttura della libreria è stata accessoriata con ante per rendere contenitivi alcuni vani e armonizzare il sistema libreria a quello dei moduli contenitori. Una soluzione creativa e flessibile che può essere personalizzata in base alle proprie esigenze.

Homy _ Giorno

EN_

Your living-room storage needs may change over time. This is why Homy Giorno includes a combination of integrated bookcases and storage units. In this composition, doors have been added to some of the bookcase compartments, creating added storage space and a sense of unity between the different elements. This flexible, creative solution can be customised to suit your specific needs.

Homy _ Giorno

Madia GS255 _ L.3707 - H.1283 - P.386
Sideboard GS255 _ W.3707 - H.1283 - D.386

IT_

Sistema ampio e versatile, Homy Giorno permette di creare le soluzioni più adatte agli spazi a disposizione, da quelle più estese e complesse, a quelle più essenziali e contenute come le madie. A servizio di una zona pranzo, ad esempio, le madie a terra sono un complemento d'arredo di grande capacità contenitiva unendo la funzionalità dei cassetti alla praticità delle ante. Soluzione pratica e funzionale, diventano un elemento protagonista dell'ambiente, soprattutto se rese uniche da un tocco di colore scegliendo una finitura laccata.

EN_

The Homy Giorno collection is both versatile and wide-ranging. It allows you to create the most suitable solutions for the available space, offering extensive, structured compositions, as well as simple, compact solutions like sideboards. In a dining area, for example, a floor-standing sideboard makes a great storage solution, combining practical drawers and doors. This functional design can also be made into a central feature in the room, especially if customised in one of our colourful lacquered finishes.

Side panels section

003_

SEZIONE

SPALLA

IT_

Di seguito sono presentate le composizioni spalla del sistema Homy Giorno, da quelle più chiuse e contenitive a quelle più aperte e leggere. La sua struttura modulare permette al sistema spalla di organizzare al meglio la composizione a parete giocando con un equilibrio di pieni e vuoti. A differenza dei contenitori, la libreria può diventare anche elemento divisorio a centro stanza, grazie alla possibilità di finitura su entrambi i lati.

EN_

In the next section, you can find our Homy Giorno side panel compositions, for creating closed-fronted storage solutions as well as lighter, open-fronted units. The modular build of this range allows you to organise your wall composition to taste, playing with open and closed spaces. Unlike the storage units, bookcases can also serve as central room partitions, as they can be finished on both sides.

IT_

Il sistema spalla di Homy può essere utilizzato anche per dividere due spazi di un ambiente, ad esempio il salotto e la sala da pranzo. La libreria bifacciale è una soluzione di grande fascino, che ottimizza gli spazi allo stesso tempo arredando la stanza. In questa composizione, la scelta di alternare i divisori Break ai divisori File dona alla struttura un aspetto ordinato e leggero. Inoltre, le ante sulla base possono essere applicate su entrambi i lati della libreria, per fornire spazio contenitivo ad entrambi gli ambienti.

EN_

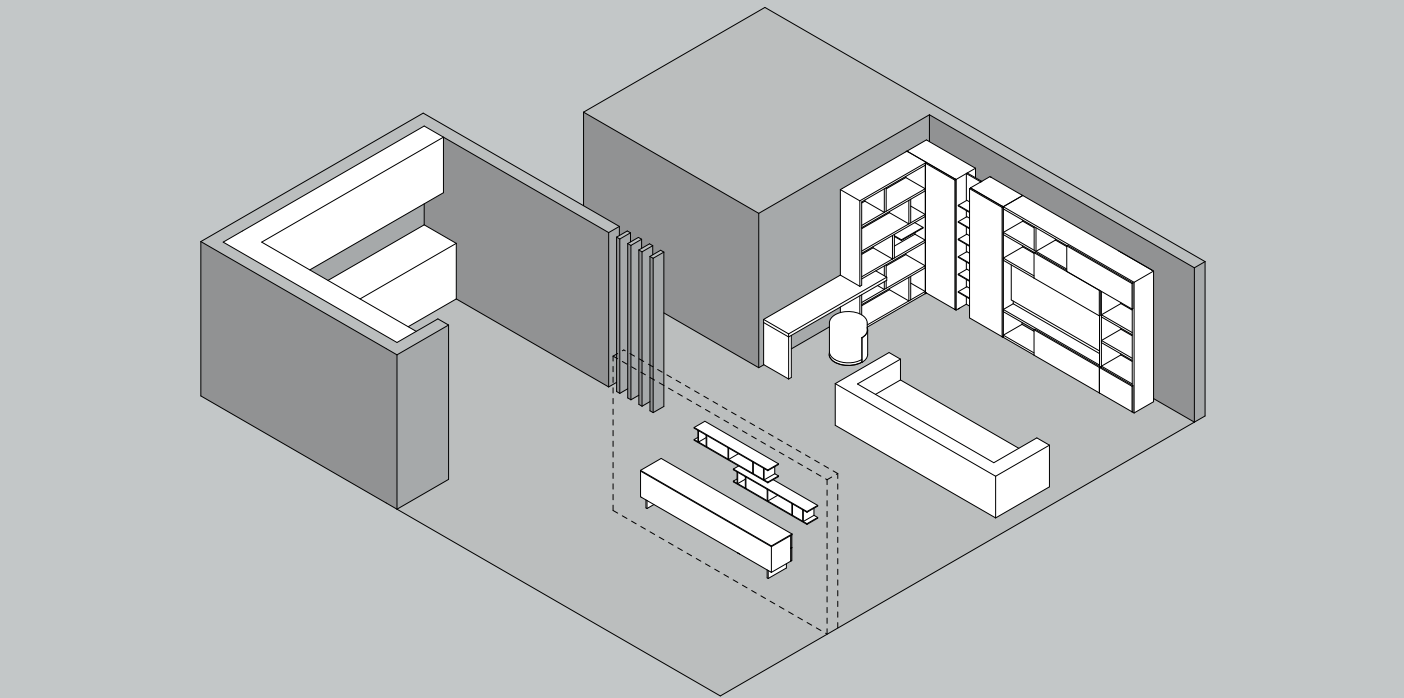

The Homy bookcase and side panel structure can also be used to divide the room and create two separate spaces, for example a living and dining area. The double-sided bookcase is a striking piece that furnishes the room as well as optimising the space. In this composition, by alternating the Break and File dividers, you can create an organised finish with a lighter-looking structure. In addition, the base-unit fronts can be applied to both sides of the bookcase, to create storage space in both areas.

IT_

Il sistema Homy Giorno include anche un modulo scrivania, che può essere appoggiato ai moduli contenitivi sospesi o integrarsi alla struttura della spalla attraverso un taglio del fianco esterno. Questa soluzione permette, in uno spazio contenuto, di affiancare in modo pratico lo scrittoio alla libreria. L'elemento scrivania può essere completato dai pouff della linea Homy, che offrono una seduta comoda e salva spazio, grazie alla possibilità di essere riposta sotto allo scrittoio quando non viene utilizzata.

EN_

The Homy Giorno collection also includes a desk unit, which can rest against the wall-mounted storage modules or be integrated into the side panel structure by making a cut in the outer panel surface. This means a desk can be positioned next to the bookcase, even in a compact space, to create a practical set-up. The desk composition can be finished off with a Homy pouffe to provide comfortable seating, while also saving on space, as it can be easily stored under the desk when not in use.

IT_

In questo ambiente è proposta una interessante soluzione dedicata allo smart working. Uno scrittoio è stato integrato alla composizione a libreria per il soggiorno. La particolare attenzione che il sistema Homy Giorno dedica all'ottimizzazione dello spazio è rappresentata dal piano sottostante lo scrittoio, vano contenitore per laptop o documenti.

Homy _ Giorno

EN_

This section also includes a home-office design idea for your living room, offering a desk built into the bookcase composition. The Homy Giorno collection also offers space-optimising features including a shelf below the desk and a compartment for storing your laptop or documents.

IT_

Il sistema Homy Giorno, oltre ai contenitori e alle spalle, si completa con sedie e tavoli per la sala da pranzo. È possibile coordinare i piani dei tavoli alle finiture della composizione scelta per il proprio ambiente giorno: un valore aggiunto per la creazione di uno spazio armonioso e coerente.

EN_

In addition to the storage units and side panel structures, Homy Giorno also includes dining-room chairs and tables. For added value, the tabletops can be made to match your chosen finishes for the living-room composition, to create a harmonious and coherent look.
